Dear Mr. Kallio:

Thank you! Your magic show, **Magically SAFE** is a top production and a vital reinforcement of fire safety for elementary aged children. The performance that you presented on Friday, January 30, 2004 at 2:15 PM was well received.

I was impressed with your overall timing and momentum moves. In addition, you painlessly controlled the energy of your audience. And of course, children love the illusions.

I know that we will want to keep you on as a performer/ “edutainer” at our primary school and look forward to your return.

Thank you very much for the top shelf performance.

Sincerely,

Elizabeth D. Johnson
Principal
