Mr. Jason Kallio
Magic Etc. Entertainment
74 Highland View Drive
Sutton, MA 01590

Dear Jason,

On behalf of the students and staff of the Oakham Center School I would like to thank you for your wonderful performance of "Magically Safe". It was a terrific way to reinforce the fire safety concepts and skills that are so necessary to our students.

You may be interested to hear that upon our return from February vacation, several students approached me in the halls to tell me that during the week there had been two serious fires that were reported on the news. After providing me with the details, **ALL** of the students expressed that the folks involved "should have seen the magic show. Then they would have known what to do." Strong testament from kids that were positively impacted by your show!

Thanks to you and ServePro for making fire safety a meaningful and relevant topic for our students.

Sincerely,

Duncan Stewart,
Principal
